CAREER OBJECTIVE

Frontend Developer with 1.5+ years of hands-on experience building responsive and scalable web applications using React.js. Skilled in modern UI development, API integration, and MERN stack fundamentals. Seeking an opportunity to contribute to an innovative organization while growing as a software developer.

PROFESSIONAL EXPERIENCE

React Developer - Bpract Software Solutions

May 2025 - Present

- Developed and maintained web applications across **MLM** and **e-commerce** domains.
- Developed reusable React components, integrated **REST APIs** for forms, charts, dashboards and business workflows.
- Built modules for subscriptions, maintenance, user management, and other business processes.
- Implemented client-requested **feature enhancements and bug fixes** for live production applications, ensuring stability and performance.

ReactJS Developer - Freelance, White Matrix Software Solutions

Nov 2024 - Dec 2024

- Developed the frontend of **KTrac Fleet Management System** using **React.js** with responsive, reusable components.
- Converted **Figma designs into responsive, pixel-accurate React interfaces**.
- Built modules for **Admin, Vehicle, Driver/Conductor, Trip Management, and Analytics**.
- Integrated **REST APIs using Axios** and developed data tables with search, filtering, and pagination.
- Collaborated with the backend team (Node.js, Express.js, MongoDB) in an Agile environment using Git.

TECHNICAL SKILLS

HTML | CSS | JavaScript | Tailwind CSS | Material UI | Bootstrap | ReactJS | React Router | Redux | Axios | REST APIs | NodeJS | ExpressJS | MySQL | MongoDB | Git | GitHub | React Hook Form | Yup |

INTERNSHIP

MERN Stack Developer – Luminar Technohub

Oct 2024 - Apr 2025

Kochi

.NET Developer - Cognizant Technology Solutions

Dec 2020 - Apr 2021

Coimbatore

EDUCATION

- Bachelor of Engineering - Computer Science and Engineering (2016 - 2020)**
Sri Ramakrishna Engineering College, Coimbatore
CGPA - 8.32/10
- Grade XII (2015 - 2016)**
GRG Matriculation Higher Secondary School, Coimbatore
Percentage - 88.75%
- Grade X (2013 - 2014)**
GRG Matriculation Higher Secondary School, Coimbatore
Percentage - 97.8%

COURSES

MERN Full Stack

Mar 2024 - Sep 2024

Luminar Technolab, Kochi

CERTIFICATIONS

- MEAN/MERN Full Stack - NACTET
- Social Network - NPTEL, IIT Madras
- Introduction to Operating Systems - NPTEL, IIT Madras

PROJECTS

- **GadgetHub**
An application that enables users to browse, add, update, and manage products efficiently. Users can view product details and perform CRUD operations seamlessly.
- **Cook Book**
A dynamic recipe listing application built using React and Redux for efficient state management. Allows users to browse recipes with pagination, search by cuisine, and view detailed instructions.
- **Project Fair**
A project showcase application that enables users to register, log in securely, and explore projects from all users in a shared dashboard. Logged-in users can manage their own projects.
- **Safety Klik - Wearable Device for Women Safety**
A wearable device for women's safety with a sensory device that, when tapped, alerts parents and provides the victim's location and a message for assistance, enabling GPS-based safety tracking.
- **Smart Crop Protection**
An image processing technique to detect wild animals and ward them off without human intervention using automatic animal-repellent buzzers, sending alert messages to farmers when an animal is detected.
- **Smart Parking Assistant**
An effective solution to avoid crashes and confusion during car parking in unorganized and unknown areas, ensuring efficient parking assistance for cars without automatic parking systems.

ACHIEVEMENTS

- Best Project Award for the mini project during the academic year 2017-2018, conducted by Dept. of CSE.
- Secured an Elite Rank in Social Networks course on NPTEL.
- Secured first position in Data Structures online contest conducted by Texas Instruments.
- Qualified for DST and Texas Instruments India Challenge Design Contest 2018, anchored by IIM, Bangalore.

EXTRACURRICULARS

- Basic Python Bootcamp: Python Certification Competency Development Program offered by The Training Division of Guru Tech, January 2024.
- IoT Workshop: Attended one-day workshop on Internet of Things conducted by Coimbatore Institute of Technology, August 2017.
- Image Processing Workshop: Attended one-day workshop on Image Processing using OpenCV conducted by Sri Ramakrishna Engineering College, September 2018.
